Chrome Art. no. 4884343 Polished brass Art. no. 4884344 White matt Art. no. 4884310 Black Art. no. 4884328

- NB:**
- Use a support rail when there is an open span of 800 mm or more.
 - The worktops have a tolerance of +1/-1 mm; we recommend that all worktops are ordered 5 mm wider than the furniture setting (e.g. 1605 mm total width to suit 2x800 mm units).
 - Centre of the countertop basin must be aligned with the centre of the vanity unit.
 - For wall-to-wall solutions we recommend 3 mm space on both sides between worktop and wall. Take care to note the diagonal measurement between the walls.
 - All worktops are supplied as standard without a tap hole unless otherwise specified. Customer specific placement of the taphole, must be specified with measurements from the wall (back edge) and centre of basin, including diameter. This is at the customer's own risk.
 - Bespoke products cannot be cancelled or returned after the signed order form is received.
 - Please be aware that the warranty no longer applies if modifications to the construction and/or the design are carried out.
